materials and colors

 Pottery pots streeft naar een assortiment dat is gemaakt van degelijke materialen die zowel voor binnen als voor buiten geschikt zijn. Het overgrote deel van de producten is gemaakt van materialen met glasvezel in de basis; dit geeft de uitstraling van natuursteen, maar heeft het voordeel dat het licht van gewicht is en onderhoudsarm. Bent u op zoek naar een verfijndere uitstraling? Dan zouden wij de sandstone collectie erg aanbevelen: een sterk materiaal met zeer fijne lijnen, verkregen door zandkorrels.

 Pottery pots strebt nach Sortiment, welches aus langlebigen Materialien für Innen- und Außenbereiche besteht. Die meisten die Produkte werden daher aus faserbasierten Materialien hergestellt. Ein Material, das den Anschein eines wertvollen Natursteins hat, jedoch den Vorteil hat, dass es leicht und wartungsarm ist. Suchen Sie nach einem anspruchsvolleren Aussehen? Dann empfehlen wir das sandstone-Sortiment. Ein starkes Material mit sehr feinen und dünnen Linien, welche durch Sandkörner entstehen.

 Pottery pots est pour un assortiment qui est fait de matériaux durables qui vont durer, intérieure et extérieure. La plupart de les produits est fabriquée de matériaux fibre de base ; un matériau qui a l'apparence de la pierre naturelle précieuse, mais avec l'avantage qu'il est léger et facile en entretien. Vous cherchez un aspect plus sophistiqué ? Dans ce cas-là nous vous recommandons l'assortiment de Sandstone ; un matériau solide avec des lignes très fines et minces obtenues par les grains de sable.

 Su objetivo es un surtido hecho de materiales duraderos que son adecuados para el interior y exterior. La mayoría de sus productos están hechos de materiales a base de fibra; un material que tiene el aspecto de la piedra natural preciosa, pero tiene la ventaja de que es liviano y de bajo mantenimiento. ¿Está buscando una apariencia más sofisticada? Entonces recomendarían su surtido de arenisca (sandstone); Un material fuerte con líneas muy finas y delgadas obtenidas por granos de arena.

fiberclay

The rough collection is the rebellious one of the pottery pots family. With its 'less is more' mentality, the rough collection focuses on the tough character of the pot. The collection, with a fiberclay basis, consists of modern planters with the same characteristic finish in many different colors.

ficonstone

Inspired by travels and stories, the bohemian collection combines natural colors and crafts to planters that are made with a new unique process. Traditionally woven baskets are turned into strong planters by using cement on the inside. Due to the natural composition of the material, some color and size variations may occur.

raw

ficonstone

Modern shapes with a tough character. Say hello to the raw collection, an assortment of pots we cannot ignore. The raw collection is at its best in a spacious environment where it can stand on its own. But, it also fits perfectly in a more characteristic décor, because we all know opposites attract. The sprayed-cement finish and deep rusty color give this collection a unique appearance.

ficonstone

We think this would be the outcome when the rough meets the modern. The urban collection brightens up every space and is a 'not to be missed'. The medium to outsized planters come in three different well-known pottery pots shapes: the orb, the patt and the charlie. The unique concrete finish does its work well both outside and inside.
